Auckland Light Rail connecting Whānau

Auckland Light Rail will transform the way we travel and live by delivering a transport system that will connect whānau across Tāmaki Makaurau. This means quicker access to mahi, study and Marae and less motukā, on the roads. Light Rail offers convenience, reliability, safety and comfort.

What will Light Rail mean for whānau?

- ✓ Get to whare wananga or mahi quicker
- ✓ No long waits at station, thanks to more light rail tereina
- ✓ Easy access to Marae for ngā kaupapa
- ✓ No need to rely on motukā, as you'll be close to a station
- ✓ Less congestion, better for Te Taiao/environment
- ✓ Build your kaupakihi/business locally, as light rail provides access for your customers
