Events in March and April

Over the last few weeks, we were out and about in communities to talk to Aucklanders. We had (a lot!) of great conversations, gathered quality feedback and got constructive inputs from people of all ages and ethnicities across Tamaki Makaurau.

Many of our discussions were focused around shared heavy rail and light rail options in Onehunga and two route options in Māngere. People also talked about how the light rail will add value to their daily lives and what it will mean for future generations.

What's next?

After gathering feedback, we will share our findings about the route and stations with the project team. We will summarise views and report back to you about what people have said. We will be confirming the location of stations and the light rail route later this year, feedback received now is vital to help support this decision making.

Have you seen our mobile hub?

Our mobile hub has fascinated a lot of young tamariki and youth. It was a great way for us to connect to people and talk about our growing city. Our 'Sim city' experience was an exciting attraction for students and tiny tots to create their future dream city and stations. See the video below to hear what it's all about.
